## Professional Summary

Detail-oriented Backend Developer with 3+ years of experience in PHP, Laravel, Symfony, REST API development, and scalable web architecture. Skilled in integrating third-party services and deploying cloud-ready applications (AWS).

## Core Skills

- **Backend:** PHP, Laravel, Symfony, MySQL, PostgreSQL, REST APIs
- **Frontend:** React.js, Vue.js, JavaScript (ES6+), HTML5, CSS3, Tailwind, Bootstrap
- **DevOps & Tools:** Docker, Git, GitHub, GitLab CI/CD, Apache, Linux, JIRA
- **Cloud & Services:** AWS (S3), Firebase, Shopify, Pusher, System Design
- **APIs & Integrations:** REST, Webhooks, OAuth 2.0, JWT, Stripe, PayPal, Braintree, Twilio
- **Testing & Quality:** PHPUnit, TDD
- **AI & Emerging Tech:** OpenAI API, AI Chatbots
- **Methodologies:** Agile/Scrum, Clean Architecture, SOLID Principles

## Experience

### Software Developer – New Spritz (Remote, Netherlands) | May 2025 – Present

- Developed REST APIs handling 30K+ daily requests with optimized performance.
- Integrated Stripe payment gateway ensuring secure, reliable, and seamless transactions.
- Collaborated with distributed teams to deliver features for international clients.

### Analyst Programmer – Ebizon (Noida, India) | May 2024 – May 2025

- Built modular backends in Laravel for multi-module applications.
- Implemented Twilio & Fresh chat for real-time communication features.
- Improved client onboarding speed by 20% through streamlined backend workflows.

### PHP Developer – DigitalFox (Mohali, India) | July 2022 – May 2024

- Architected and deployed multi-vendor platforms supporting secure payments.
- Developed two-factor authentication and real-time chat for 2,000+ active users.
- Managed deployments using Git, improving release cycle efficiency by 25%.

## Projects

- **Colabr8 – Workforce Management Platform | Laravel, MySQL, AWS, Stripe**

Developed workforce modules; integrated Stripe for recurring payments.

- **ROX Tickets – Fitness Event Ticketing Platform | Laravel, MySQL, Stripe**

Implemented secure payment flows and real-time chat features.

- **DockTalkGo – Teleconsultation Platform | Symfony, Vue.js, Firebase, Twilio, AWS**

Built multi-gateway payments and real-time notifications.

## Education

- **MCA – Master of Computer Applications | Chandigarh University, India (2022–2024)**
- **BCA – Bachelor of Computer Applications | C.B. Patel Computer College, Surat (2019–2022)**

## Achievements & Certifications

- **Rising Star Award – Ebizon (2024)** for outstanding project delivery.
- **Web Development Bootcamp – Udemy (2024)**
- **Advanced Laravel Framework – Udemy (2024)**

## Languages

- English (C1) | German (A2, progressing to B1)
